

*Spiritual deepening for  
global transformation*

## **Christine Center seeks Executive Director!**

The Christine Center is a Midwest spirituality center dedicated to offering unique opportunities for personal growth and spiritual deepening. Grounded in the spiritual lineage of St. Francis and St. Clare, the Christine Center is rooted in the Catholic contemplative tradition. Our woodland setting and distinctive emphasis on meditation, deep spirituality and holistic practice draws people of many faith traditions here to find support for their inner work. We are seeking an Executive Director to oversee all operations and to provide creative leadership in the next phase of the flourishing of the Christine Center.

### **The ideal candidate for this vital salaried position has:**

- Deep appreciation for retreat ministry and is seeking a value-based and collaborative workplace.
- Demonstrated experience in a leadership position responsible for revenue generation and fiscal management.
- Creative, visionary leadership with strong skills in collaborating, consensus-building, and cultivating a spirit of community.
- Knowledge and ongoing experience in personal growth and spiritual deepening and is hospitable and at home with presenters and guests from a rich plurality of faith expressions and diverse spiritual practices.
- Strong written and verbal communication skills.
- Exceptional organization and fiscal management skills suitable to a rural retreat center setting. Strategic planning experience is a plus.
- Demonstrated ability to supervise personnel and organizational operations effectively and efficiently, with multiple projects moving forward simultaneously.
- Ease with fund development and participation in soliciting gifts and grants.
- Respectful appreciation for the culture of rural community in which the Christine Center is located and for Christine Center's Catholic Franciscan roots.
- Willingness to promote compassion consciousness and to support ongoing ecological Earth sustainability practices.
- Proven success in developing and implementing mission and values in an organization and demonstrated experience communicating vision and mission to diverse audiences.

### **Education:**

- An advanced degree in a relevant management/business field and/or an equivalent combination of education, training certification and experience.
